Dear Ms Alexander

Cambridge Cycling Campaign has discussed verbally with officers the issues regarding cycle routes raised in our original objections to the Draft Local Plan.

We are happy the the Supplementary Planning Guidance regarding cycle routes, which we are told is now incorporated into the new draft plan, covers the issues sufficiently, and hence we are able to withdraw those objections.

This means we do not need to appear for the sessions below:

Friday 30 September am (Southern Fringe)
Wednesday 5th Oct pm (Land between Huntingdon Rd and Histon Rd)
Thursday 6th Oct am (Station Area)

We will review our need to attend the sessions on:
Wednesday 9th November (Policy 8/5 Pedestrian and Cycle Network)
Thur 10th November (policy 8/6 Cycle Parking)
Tuesday 22 November (Appendix D -Cycle Parking Standards)

and will let you know accordingly.

Lastly, please accept our apologies for our absence from the earlier session, and for our lack of response to your e-mails around that time. We will ensure that future correspondence is dealt with to the best of our ability in a more timely manner.
