Dear Susan Mills,

Royal Cambridge Hotel Junction

Thank you for your letter 17th March. We wrote in May making suggestions for improvements for the Royal Cambridge Hotel junction (letter attached). We believe that these suggestions include items which can improve the safety of the junction.

We are now writing to ask if you could submit a revised set of plans with our suggestions to the safety auditors. If the plans are approved by the safety audit then the possibility of funding through the annual safety programme could be re explored.

We believe it is essential to make progress on this junction considering the appalling number of cyclists that get hit by cars at this junction.

Yours sincerely,
on behalf of Cambridge Cycling Campaign,

Richard Taylor
