---

Dear Gloria Alexander,

Cambridge Cycling Campaign wishes to maintain its previously submitted representations and asks that these be treated as Proofs of Evidence for all those issues for which today is the deadline for submission of such Proofs. For issues with later deadlines please assume that again our previously submitted representations are our Proofs of Evidence unless we notify you to the contrary before the relevant deadlines. At present our intention is to appear in person for all the sessions for which we are listed but we may modify this in due course.

Yours sincerely

James Woodburn  
on behalf of Cambridge Cycling Campaign
