

SUPPORT THE ABBEY - CHESTERTON BRIDGE

A crucial link for the Chisholm Trail

Sign the petition at www.tinyurl.com/ACBridge

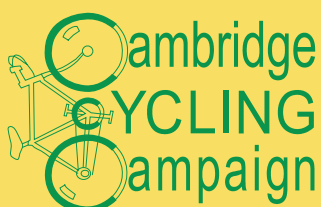

The proposed location of the new bridge.
As close to the existing rail bridge as possible.

The Abbey - Chesterton bridge will bring many benefits to walkers, cyclists and Cambridge residents. We need to demonstrate to the County Council the huge amount of support for the bridge. Sign our petition to show your support.

The Chisholm Trail is very likely to go ahead, but without the bridge the route will not be anywhere near as useful. The bridge and the Chisholm Trail combined will have a multiplier effect encouraging more people to cycle thus reducing congestion on our roads for all users and encouraging healthier lifestyles.

Your support counts. You can also:

- Share on social media
- Find out more about the Bridge, the Chisholm Trail and how to support them at: www.camcycle.org.uk/chisholmtrail
- Join the Cambridge Cycling Campaign. The more members we have, the stronger our voice.
