

Cambridge Cycle Clearance

Please see details below giving results of our cycle clearance operations to date. This removal of abandoned bikes is part of an ongoing operation to ensure the most spaces possible are available for cycling customers.

On Thursday 06 October 2011, 125 White tags were added to bikes that appeared abandoned in our racks pre-warning of the removal. Bikes with tags still on them from 20 October 2011 onwards will be removed.

The removals are conducted by a charity called O.W.L. (Opportunities without Limits). O.W.L. are based in Sawston, South Cambridgeshire and provide work, learning and leisure opportunities for disabled and disadvantaged people in a friendly and supportive environment.
