### **Alteration to cycle ban on trains to Cambridge**

After a further review of this situation I have been able to lift the ban on cycles on two of the trains originally effected. These are

**0715 from King's Cross**

**0745 from King's Cross**

I am currently working with Cambridge Cycling Campaign, Cambridgeshire County Council and cycling retailers to find alternative solutions to problems associated with the remainder of the banned trains. Further correspondence will follow on this matter.

Regards
